<u>Electives – Two 2-week rotations</u>
Anesthesiology
Emergency Medicine
Neurosurgery
Ophthalmology
Orthopedic Surgery
Otolaryngology
Pathology
Radiology
Urology
Global Health Elective (dates for 2017 are not final yet)

**For the 2/2/2 blocks, students will rotate between the various 2 week segments; however, not in the exact order as shown. Groups are typically made of approximately 16 students each; thus, 5 or 6 students will be completing their Family Medicine rotation in the A two week segment while 5 other students will be rotating in various electives or one of the other required two week clerkships during the same A period, etc. However, the only requirement is 5 or 6 students must remain in the same cohort for the Family Medicine rotation. For example, Nancy is in group B and has chosen to be in Family Medicine for 1B, 4B and 7B; her block 1 schedule will appear as the following sequence: vacation for 1A, Family Medicine 1B and Ambulatory Care IM for 1C.
